TECHNICAL SKILLS

- Cloud Computing
- Database Management Tools
- JIRA - Agile and Scrum methodologies
- Git workflows and Version control

EXPERIENCE

Full-Stack Web Dev | Software Engineer   (2024 - Present)
HMR Philippines, Inc.

- Covering fullstack development, troubleshooting user issues that lead to database adjustments. Resolved critical bugs in legacy modules, reducing user support tickets by 35% and improving system reliability.

AWS Cloud Technical Essentials   (2024)
Coursera - (Amazon Web Services)

- Completed an AWS cloud course, gaining hands-on experience with core AWS services such as EC2, S3, RDS, and Lambda to build and deploy scalable applications, and cloud migration projects using AWS Migration Hub and other tools.

Machine Learning with Python   (2024)
Coursera - (IBM)

- I have hands-on experience utilizing Scikit-learn to implement algorithms like linear regression and decision trees, and I understand the importance of evaluating model performance.
